Noodunit 20 Watt

€ 113,10

Noodunit 20 Watt

Deze noodunit is geschikt voor 1x120cm of 1x150cm Led TL-buis

Charge time?24hours

Discharge time?18W tube - 120 minutes

Operating Temp?-10/+50°C

Material of the inverter?metal

Emergency brightness efficiency?90-95%

Work mode?Maintain/non-maintain

Indicator?red-charging green-power yellow-trouble

Test button:Have

Remark:The smaller power,the longer emergency duration

Protection:Over-charge/over-discharge

Specificaties:

- Wattage: 20 W
- Voltage: 220-240V (AC)
- Hertz: 50/60Hz
- Ampérage: 4000mA
- Output Voltage: parallel connect LED ?20W
- Laad Tijd: 24 uur
- Discharge time: 18W tube: 120 minutes
- Operationele Temp: -10/+50°C
- IP Waarde: IP20
- Materiaal: metal
- Emergency brightness efficiency?90-95%
- Werk mode: Maintain/non-maintain
- Indicator: rood-laden / groen-power / geel-storing
- Test button: Ja
- Remark: The smaller power,the longer emergency duration
- Protection: Over-charge/over-discharge
